

Smart Wash Mini Spray Gun Cleaner

The UGC-1006T Smart Wash is a small rinse system designed for the cleaning of gravity fed spray guns.

The Smart Wash offers a quick and efficient cleaning facility between colour changes and coatings.

Spray gun internal fluid passages and the exterior are thoroughly cleaned ready for re-use.

The dual cleaning facility enables cleaning of spray guns used for both solvent and water based products. Clean and recycled cleaning fluids are safely kept in the steel door cabinet.

The Smart Wash may be wall or bench mounted.

Features:

- New high powered rinsing system
- Stainless steel wash area
- Galvanised steel base
- Air extraction on solvent bay
- Pumpless venturi operation
- Low air consumption
- High power, low volume rinse facility
- Clean fluid every wash
- Cleaning brush for air cap
- Air purge drying facility
- Wall or bench mountable
- Self-contained 2 litre fluid containers
- For gravity fed spray guns only

Specifications:
