

Apollo HVLP 4500 and 4550 Fluid Feed Systems

Designed to be used with all Apollo turbine systems.

Excellent in the shop or on site. Perfect for that larger job when a quart (litre) is just not enough, or when greater spray gun mobility is needed to get into a tight corner.

4500 2 Quart (2 Litre) Fluid Feed System

Includes: Oil-less mini air compressor, 2 quart (2 litre) non-stick coated pressure pot with stainless steel material tube, 20' (6m) or 30' (9m) fluid hose and 4 castors for easy mobility.

ITEM CODE:
A4500-240-AU

4550 Mobile Cart and Fluid Feed System

2.5 gallon (10 litre) pressure pot non-stick coated inside and out, with stainless steel fluid parts throughout.

Large wheels provide easier mobility when going up and down stairs or curbs.

Includes: 2.5 gallon (10 litre) deluxe pressure pot, oil-less mini air compressor, 20' (6m) or 30' (9m) fluid hose and cart.

ITEM CODE: A4550-240-AU
